Accessibility Plan 2020-21

This Accessibility Policy and Plan are drawn up in compliance with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010. The Local Governing Body are accountable for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.

We are committed to providing an accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility and to developing a culture of awareness, tolerance and inclusion.

Rose Hill Primary School plans, over time, to ensure the accessibility of provision for all pupils, staff and visitors to the school.

1. An Accessibility Plan has been drawn up to cover a three year period. The plan will be updated annually.
2. The Accessibility Plan will contain relevant actions to:
 - Improve access to the physical environment of the school, adding specialist facilities as necessary. This covers reasonable adjustments to the physical environment of the school and physical aids to access education.
 - Increase access to the curriculum for pupils with a disability, expanding and making reasonable adjustments to the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able bodied pupils. This covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits. It also covers the provision of specialist aids and equipment, which may assist these pupils in accessing the curriculum.
 - Improve and make reasonable adjustments to the delivery of information to pupils, staff, parents and visitors with disabilities. Examples might include handouts, the use of interpreters, timetables and information about the school and school events. The information should be made available in various preferred formats within a reasonable timeframe.
3. The Action Plan for physical accessibility relates to an Access Audit of the School.
4. As curriculum policies are reviewed, a section relating to access will be added to that on Equality and Diversity.
5. The School's complaints procedure will cover the Accessibility Plan when reviewed.
6. Information about our Accessibility Plan will be published in the Interim Executive Board's' Annual Report to Parents (statutory).
7. The Plan will be monitored through the Local Governing Body.
8. The Plan will be monitored by Ofsted as part of their inspection cycle.

The school was built in the 1950s and is in poor condition. It has poor accessibility for those with mobility issues or for parents with pushchairs. There are a number of short flights of stairs. The school was due for rebuild before the recession but lost out when this programme was cancelled. It has had a large refurbishment, which has improved many aspects but did not address accessibility via the staircases.

Drawing up an Action Plan

The 3 areas to be considered in this action plan are:

a) Improving Education & related activities

The school will continue to seek and follow the advice of LA services, such as specialist teacher advisers and SEN inspectors/advisers, and of appropriate health professionals from the local NHS Trusts.

[See checklist provided on page 29 DfES Guidance "Accessible Schools: Planning to increase access to schools for disabled pupils"]

b) Improving the Physical environment

The school will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

[See checklist on page 30 of DfES Guidance.]

c) Improving the Provision of information

The school will make itself aware of local services, including those provided through the LEA, for providing information in alternative formats when required or requested.

[See checklist on page 30 of DfES Guidance.]
